Tegal® 9X5 Air Actuated Chamber Door Opener

Tegal® 915e / 965e

This is a great upgrade which replaces the original spring and pulley mechanism used on Tegal 915 and 965 Resist Strippers/ Asher's. This system was originally designed by Tegal and has

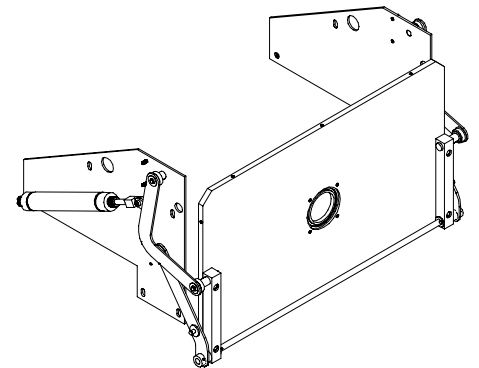

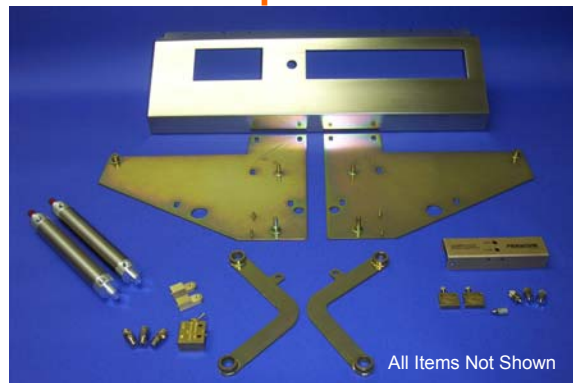

been improved by Profacture by incorporating needle valves to control the speeds at which the chamber door opens and closes.

reduce particles by eliminating the dependency on the operator not to open or close the door too quickly.

Sold as a complete field upgrade kit with instructions & schematics.

The upgrade also helps to
